The Difference is Service®

Values Drive Performance

Shared Values Can Lead to Organizational Excellence

We understand you are in business to make a profit. Our Value-Driven® Company modules can help you reduce losses and increase profits by focusing on influencing employee behavior, changing culture, improving communication, and managing risk successfully.

We believe it is everyone's job to do what they can to prevent losses. We have developed a variety of training tools to help get all employees involved in safety. From seminars and webinars to Self-Service e-Tools and FAQs, we have solutions to fit your operations.

We see "Critical Crashes" as a risk to your company. Our Value-Driven® Driving program focuses on helping drivers do what they can to prevent these types of accidents: rear-end, loss of control, lane change, and run under. All of our driver training programs are FREE to our insureds and can be accessed 24/7 on Great West's Online Learning Library.

GREAT WEST CASUALTY COMPANY – No matter where the road takes you, you will discover that at Great West, *The Difference is Service®*.
