

COLORADO MOTOR CARRIERS ASSOCIATION

ASSOCIATION PROGRAM

DID YOU KNOW?

Driving a truck is one of the 5 riskiest jobs in the United States. Nearly 40% of fatal workers compensation claims are motor vehicle related.* That puts you and your company at risk!

CMCA Can Help

The Colorado Motor Carriers Association, along with our Partners at Pinnacol Assurance and Flood and Peterson, can help you manage that risk. Through the CMCA Association Safety Program, members receive discounts, focused assistance and the assurance that your company is protected.

TOP 10
worker types at risk

- 1 Home healthcare
- 2 **Trucking**
- 3 Non-commercial drivers (chauffeurs, messengers, helpers)
- 4 Automobile service/repair center
- 5 Police officers
- 6 Salespersons/collectors
- 7 Clerical office employees
- 8 College: professional and clerical
- 9 Taxi drivers
- 10 Physicians and clerical healthcare

The CMCA Association Program

- The CMCA Association Program can save you up to 4% on your workers' compensation premiums.
- As a member of the CMCA Association Program, you have access to dedicated professionals to work through injury reporting, return-to-work cases and injury management.
- Based on the safety record of the Association Group, members have the potential to receive safety dividends.
- In 2018, Pinnacol Assurance returned over \$600,000 to CMCA Association members.

The Pinnacol Assurance Difference

- Pinnacol has decreased rates for four consecutive years and paid out \$70 million in general dividends to our customers.
- With over 100 years of workers' compensation experience, Pinnacol has the industry expertise to help your business with its unique needs.
- Pinnacol has the largest, most skilled Safety Services team in the state and can help improve risk management, leading to fewer claims.
